

Welcome to Minerva FFA

Dear Incoming Freshman,

Welcome to the Minerva FFA! We are thrilled to have you join our community of passionate students who are dedicated to exploring the world of agriculture and developing valuable leadership skills.

Congratulations on taking the first step towards an exciting journey in the Future Farmers of America!

At Minerva FFA, we believe in the power of agriculture to shape the future. Our chapter is committed to providing you with an enriching and inclusive environment where you can discover your potential, build meaningful relationships, and cultivate your passion for agriculture.

As you embark on this new adventure, you will have countless opportunities to expand your horizons and grow as an individual. Through hands-on experiences, engaging workshops, and competitive events, you will learn about various aspects of agriculture, including animal science, horticulture, agribusiness, and environmental sustainability. Our aim is to equip you with the knowledge, skills, and confidence necessary to become a leader in the agricultural industry.

The Minerva FFA Chapter is more than just a club; it is a tight-knit family. You will have the chance to forge lifelong friendships with fellow members who share your enthusiasm for agriculture. Our supportive advisor and mentors are dedicated to helping you thrive academically, personally, and professionally. They will guide you along the way, encourage you to take on challenges, and celebrate your achievements.

Throughout the year, we organize a wide range of exciting events, including field trips, guest speaker sessions, leadership conferences, and community service projects. These experiences will enable you to connect with professionals in the agricultural field, explore different career paths, and give back to the community. The Minerva FFA Chapter is proud of its legacy of excellence and community involvement, and we are confident that you will contribute to our continued success.

We encourage you to get involved and make the most of your FFA journey. Whether you decide to participate in competitive events, join a committee, or take on a leadership role, there are countless opportunities for personal and professional growth. By pushing your boundaries and embracing new challenges, you will develop invaluable skills such as teamwork, critical thinking, public speaking, and problem-solving.

Once again, welcome to the Minerva FFA Chapter! We are excited to have you join our family and look forward to witnessing your growth and accomplishments. If you have any questions or need assistance, please don't hesitate to reach out to us. Together, let's cultivate a bright future for agriculture and make a positive impact on our community!

We have included our Summer Calendar to keep you informed of activities we participate in throughout summer break.

Sincerely,

Ella French
Minerva FFA Chapter President
